Mr Richard Sherrill
Charlotte N.C.

Dear Sir:

I have just finished talking to Mr Willie Wells on the telephone, and am hastening to write you to say "THANKS" for locating Mr Wells for me.

I immediately called our mutual friend, Dr. Darden and told him of your kindness, and cooperation.

I hope you do not need help at any time, but if you should ever want to call on me, please do not hesitate to do so. The reason for the emergency was because of the fact we are having trouble with our bus, which we use to transport the ballplayers. The men had gone ahead on the train, and the bus was not going to be able to meet them as they were supposed to. I am sure they would have been quite lost if I had not been able to contact them.

Again please accept my sincere thanks for your assistance at a very trying time.

Very Truly Yours
